P
THE UNSAVED

Bill Youngs just left my house. He and I talked for two hours about the unsaved of earth and what we might do to get Christ into their hearts. I never experienced a more thrilling two hours and must pass it along since you are really, in our opinion, the possible answer.

Jac (this is what I call John Allen) as I wrote you during your meeting here and have so stated to you before, I believe that great things can be done in our world if you will allow us to build upon you. With all the great work you do on radio, you need to be seen for in it is part of your great power. When a person loves Christ as you do, knows the Bible as you do, has the ability to put his heart, voice and expressions together so powerfully as you put them, there is hope of reaching the unsaved.

I have no idea what you might think about it or how it might be done but I intend to make some kind of effort to find out and this is a beginning. I feel that we need to set up some sort of machinery and get you before the people in situations as you experienced on the TV interview here in Los Angeles. This experience that Bill Banowsky had with the fellow of Play Boy magazine was tremendous and a kind of break-through. We should be able to set up many like it for you and maybe get you on TV stations along some line that Pat gets his program on.

In any case, you, Pat and Jack should think seriously and surely you can enlarge the idea and include others who may hold many of the answers.

I feel so strongly that Christians can do anything that has to do with the saving of a soul. Most of us, in our efforts to do something, forget one fact - GOD. It is a shame that I waited so long in life to recognize this and my prayer is that you great young men will not do as I have done. There is no Goliath too big if we use our little stones and sling; no multitude too large for our few fishes and loaves or a soul living that we cannot reach if we will allow GOD to work in and through us.

I wonder what each of you will think when you have read this?

Love.

James L. Lovell
